02-Jan-2019: 262 souls attended the Christingle in St Mary's church on Christmas Eve, the second highest total on record. At the equally-popular pop-up pub afterwards in the Village Hall, tribute was paid to John Teasdale on his completion of 31 years of service on Alne Parish Council. He is pictured (on the left) receiving RHS membership, a gift voucher and a framed plaque from the Parish Council chairman. First elected in 1987, John stood down in 2018 and has now moved to Tadcaster to be nearer his family. [Photo courtesy of Sandra Raper]

14-Jan-2019: The January mid-month conundrum. A rather disorganised man lives in Manhattan and has girlfriends in The Bronx and Brooklyn. He visits one of them each weekend but he can't decide which one he prefers so he goes to the subway and gets on the first train that arrives. Trains come in both directions at 10-minute intervals. Over time, he finds that he is spending 90% of his weekends in Brooklyn and only 10% in The Bronx. Why is this? Answer on 31-January - no prizes apart from proud satisfaction! [Read the answer here.](#)

23-Jan-2019: The seventh instalment of Lee Walker's history of local men who went to war in WW1 is now available. Click here to read the story of Henry Galloway. See the tab for History/WW1 for earlier instalments.

26-Jan-2019: Another milestone for the Village Hall renovation project - painting works have just been completed, of entrance hall, toilets and bits and pieces in the main hall. Looks great! Thanks to Dan and his crew.

28-Jan-2019: Make a date in your diary for this year's annual litter pick around the village. Sunday 03-March from 09:00 to 11:00. Meet at the Village Hall and help to take pride in your village. Just bring gloves, everything else will be provided.

04-Feb-2019: To celebrate 50 years since the Apollo 11 moon landing, the theme of the competitions at this year's Street Fayre on 09-June will be 'Outer Space'. As well as moon and space-themed competitions and displays, there will be a Street Fayre stall selling children's space books and other space-themed goodies. If anyone is having a clear out and would like to donate second-hand children's books (space topics only!) then do please get in touch with Helen on 838582 or [cellohelen@gmail.com](mailto:cellohelen@gmail.com)

06-Feb-2019: The sludge-gulper, which was operating at the east end of Main Street for much of last night, was dealing with a blocked sewer, the crew being hampered by their inability to open the relevant manhole covers! The cause has now been identified as a collapsed sewer outside Holly Bank and repair works are in hand. Any queries should be addressed to Yorkshire Water.

- 07-Feb-2019: Main Street will be closed next week for new sewer connection works outside Spring Cottage. The diversion will be through Mitchell Lane and Gale Road.
- 13-Feb-2019: A proposal to locate an anaerobic digester in Tollerton is being discussed. Tollerton Parish Council and many residents are objecting. Click here for a brief summary and a map of the area likely to be affected by additional traffic movements. As you will see, this is also an issue for Alne. If you wish to make comments, the attachment tells you where to lodge them. We believe that NYCC are discussing this within the next couple of weeks so an early response is recommended. **This application has now been refused by HDC..**
- 14-Feb-2019: The February mid-month conundrum. A man was born in March but celebrates his birthday in September. He married, quite legally, his sister but died a bachelor. How can this be? Answer at the end of the month.
- 22-Feb-2019: See the picture alongside for the amazing Les Parapluies d'Alne and click here to read all about it.
- 22-Feb-2019: A working party from the Parish Council and the Primary School are considering options for reducing the morning and afternoon danger and congestion at the Village Hall corner. Should we have a kiss-and-drop zone, should we have a one-way system, should we have yellow lines etc? If you have any ideas or suggestions at this early stage, please contact Parish Councillor John Newton ( [mayfieldnewton@gmail.com](mailto:mayfieldnewton@gmail.com) or 838688), or School Governor Dennis Myers (838552 or [dennismyers5@btinternet.com](mailto:dennismyers5@btinternet.com) )
- 28-Feb-2019: Click here to read the March Parish Newsletter (in full colour).
- 03-Mar-2019: Many thanks to the volunteers that turned out this morning for the annual Alne litter-pick. Fifteen big sacks of rubbish were collected from the surrounding roads and ditches and everywhere now looks much better.
- 11-Mar-2019: Pub for sale. The Bluebell Country Inn is an Alne Community Asset which means that, when it is put up for sale, the Community has the right to try to buy it within a designated time period. The Parish Council has been notified of the intent to sell the freehold, with the existing tenant having a short tenure left on the existing lease, and we are therefore looking at the establishment of a Working Group to see if such a purchase by the Community would be feasible. There would be a fair amount of work, sounding out the market, laying out a business case, checking the legalities, seeking finance and grants, negotiating with the vendors etc etc. If you would be enthusiastic and interested in joining such a Working Group, please contact the Parish Council Clerk ( [clerk@alneparishcouncil.uk](mailto:clerk@alneparishcouncil.uk) ) as soon as possible but no later than 10-April.

13-Apr-2019: The April mid-month conundrum: A man goes into a tobacconist for his plug of tobacco.  
"That will be £2" says the shopkeeper.  
"Oh, I think I can do that exactly", says the man, fishing in his pocket in which there are a lot of coins.  
But he finds that he cannot make exactly £2 with any combination of the coins in his pocket.  
What is the maximum amount that he can have in coin in his pocket? [Courtesy: Rebecca Flaherty] The answer is here.

20-Apr-2019: Given the long dry spell, it is no surprise that the strips of new turf bordering the new setts in the Main Street are beginning to look jaded and dry. It would be a great help if house-owners bordering the street could keep the strips of new turf watered until they have fully bedded in. Thank you for your assistance.

There were differing views as to whether it should be pulled out forward or backwards. While the tanker driver, police, materials hazard expert and Highways debated the pros and cons, concerned villagers offered cups of tea and Mars bars.

21-Jun-2019: Information about The Pearson Trust, a small local charity started in 1882 has now been added to the website. You can find out all about it by clicking here.

11-Jul-2019: The July mid-month conundrum. Now that school holidays are nearly upon us, here is a slightly harder one. A prize will be drawn among correct answers submitted through the contact page by 31-August.

*A diner pays a bill of £30 to the waiter. When the waiter gives the £30 to the cashier, the cashier realises that the diner has been overcharged £5. She gives £5 to the waiter to refund to the diner. However, the waiter is dishonest, and he tells the diner that he has been overcharged £3, and only refunds him £3, keeping the other £2 for himself.*

*Now, the diner has paid £27, the waiter has kept £2. Where is the remaining £1 of the original £30?*

*1. The Jones family has two children. I have seen one of them, which was a boy. What is the chance that the other is also a boy?*

*2. The Smith family has two children, the elder of which is a boy. What is the chance that the other is also a boy?*

20-Oct-2019:

Above right is an interesting historical poster, promoting an excursion by rail to Pickering on Easter Monday, 1939 (which fell on 10-April). The train would have left Alne in a northerly direction, branched off to the east after Raskelf and meandered through the places mentioned before arriving at Pickering. The adult 3rd class return fare from Alne to Pickering was three shillings and two pence. Equivalent to about £10.13 in today's money. Little did they know what was around the corner in five months' time!

There is a planning application to build a poultry unit on land across the railway from the end of Sandy Lane. Your Parish Council is in favour of agricultural employment in the area but is against damage to the environment and has raised a number of questions and observations. These, and other relevant comments can be seen by going to the HDC planning portal and using reference 19/02116/FUL. You can also post your own observations there.

22-Nov-2019:

Questions have been asked about when the old pond at the east end of the village was filled in (see photo). A short historical project has found the answer, which can be read [here](#).
